Re: Mr. Olivier Cuevas

To Whom It May Concern,

It is my pleasure to recommend Mr. Olivier Cuevas of Etudier USA. He has been a valuable partner with Santa Monica College in California since 2001. Mr. Cuevas regularly provides accurate information to prospective students about Santa Monica College's programs and services. He guides students through the application process, and advocates for them when they had special needs or were requesting exceptions. He makes the college research process and the application process very easy for his students. Mr. Cuevas has been a reliable partner, sending a steady number of students to Santa Monica College over the years.

During my associate with Mr. Cuevas, communication has been regular. Mr. Cuevas reaches out for clarification to learn more about new procedures and program offerings that may be of interest to his students. In addition, he keeps me up to date on changes and trends in his area so that we can pivot our outreach efforts to better meet the needs of prospective students and families in France.

Students who engage the services of Olivier Cuevas will be in good hands!

Sincerely,
